EXCELLENT PERFORMANCE: With the copper coil of good quality, this VFD drive is safer and more durable. It adopts the multi-grid design with enough cooling space between the ...

The 15 kW Frequency Inverter provides precise speed and torque control for industrial motors. Designed for durability and high efficiency, it ensures reliable motor performance, smooth ...

15kw variable frequency drive inverter, 20 hp 3 phase inverter with RS485 communication mode. Comes with cooling fans and IP 20 strong impact resistance, and the 3 phase variable ...

Using 15kw general frequency inverter in industrial settings offers numerous advantages, such as improved energy efficiency, precise control over motor speed, and enhanced process ...

SPW Industrial warrants this product to be free of defects in workmanship and material under normal use and conditions for period of one year from the date of original purchase

Suitable for most applications, extended drive ranges up to 22kW, superb torque competence and small size of iG5A provides an optimized user environment. Manufacturer part number is ...
