HighJoule's 5MWh liquid-cooled energy storage system offers a reliable, efficient, and scalable solution for commercial, industrial, and renewable energy sectors.

High economic efficiency: 315 Ah LFP cells with high energy density and prolonged cycle life realize a cost reduction per kWh of 30%; 5MWh in one 20ft container; side-by-side ...

The 5MWh ESS is a turnkey energy storage solution designed for industrial and commercial applications. It combines high-capacity battery modules with a reliable PCS inverter system, all ...

Through innovative cell integration and system design, we have successfully consolidated an astonishing 5MWh of energy storage capacity into a standard 20-foot container.

Turnkey 2.5MW / 5MWh battery energy storage system in prefabricated 40ft container. Includes PCS, transformer, EMS, HVAC, and fire protection. Ideal for grid-tied/off-grid industrial use.

Remarkable energy density: up to 5 MWh within a single 20ft container. Multiple-point electrical linkage measures incorporated for enhanced performance. Swift-acting fault protection ...
