Sol-Ark 60K-3P-480V-N is a 60,000 watt (60kW) three-phase 480Vac output and 97.5% efficiency hybrid inverter that works grid-connected or off-grid for most commercial installations.

3-Phase Hybrid Inverter, (60kW); High Voltage battery, higher efficiency; Max. charging/Discharging current of 160A; 100% unbalanced output, each phase; Max. output up ...

With Sol-Ark's remote access features and app you are never out of touch ...

It provides native 480V/277V three-phase output without external transformers, integrating an inverter, charger, and management system into a single NEMA 3R unit. It is scalable, efficient, ...

The Sol-Ark® 60K-3P-480V commercial hybrid inverter is a powerful and versatile commercial energy storage solution specifically designed for light commercial and industrial businesses.

The XD30-60KTR three-phase high-voltage energy storage inverter adopts a dual-channel MPPT design and is compatible with 6000W+ high-power components, realizing efficient high-power ...
