FFD POWER offers a modular deployment model for its 800V BESS platform, centered around an all-in-one, liquid-cooled cabinet with a typical configuration of 418 kWh ...

XING Mobility launched the BBx800, the industry's first 800V high-voltage DC Backup Battery Unit (BBU) and Power Rack featuring immersion-cooled technology.

XING Mobility is bringing 800V immersion-cooled batteries to AI data centers, starting with a CES 2026 debut.

XING Mobility will present a range of high-voltage immersion-cooled battery systems at CES 2026, including what it says is the world's first immersion-cooled 800-volt ...

XING Mobility unveils the world's first immersion-cooled 800V BBU at CES 2026, alongside Caterham Project V and XBE1000 ESS, demonstrating decade-validated ...

The company's products include both air-cooled and liquid-cooled battery packs, characterized by high energy efficiency, compact design, lightweight construction, and OEM/ODM services.
