Will New Athens Generating Company get a tax break?

Tiffany Greenwaldt-Simon reports for Columbia-Greene Media that months after the Greene County Legislature extended a large tax break New Athens Generating Company, the business is petitioning New York's Public Service Commission to approve the sale of the Athens Generating Plant.

How do energy storage systems work?

Energy storage systems capture and hold energy for later use by shifting when and how electricity supply and demand are balanced. They're charged using electricity from the power grid during periods of low demand or extra capacity.

Should battery energy storage be paired with transmission infrastructure?

Battery energy storage paired with transmission infrastructure will be cheaper and more efficient than building new transmission lines to integrate renewable energy. NYSERDA reported nearly 171,000 clean energy jobs in the state in 2022, with grid modernization and storage jobs accounting for 10% of new jobs.

The fully-integrated lithium-ion ESS will comprise six Saft Intensium Max High Energy containers, providing a total of 13.8 MWh (megawatt-hour) energy storage, together with power ...

Power plant details for Athens Generating Plant, a natural gas power plant located in Athens, NY. View the monthly generation and consumption, generator details, and more for Athens ...

Delaware-based Gate City-NE Generation LLC will become the direct owner, but the story does not say how much the plant sold for. Whatever the number, the former owners ...

As industries from data centers to desalination plants adopt this tech, one thing's clear--the Athens Power Storage System isn't just storing energy; it's powering a smarter, ...

Battery energy storage will be increasingly necessary to store power from renewable energy, like wind and solar, over the coming years to create a more reliable electric grid that delivers clean ...

Athens Generating is a 1,080 MW (megawatt) combined cycle generating facility located in the town of Athens, NY, 30 miles south of Albany in Greene County. Our facility uses cutting edge ...
