The low battery charge message relates to the main battery. On vehicles with stop/start systems and intelligent alternators, the vehicle battery is designed to operate at ...

Going to change the service battery in my 15 V40cc D2. Anything I need to be ware of or look out for ??

I've had both batteries replaced (with the correct models), done a 100 mile trip, overnight smart battery charge, charging voltage is fine, system messages cleared but I am ...

My main battery just died, had it replaced with same, and car kept giving me Battery charging, so no stop start. When stop/start worked, it was for about 10 sec, and car ...

The battery voltage was still 11.9V. I started the engine again while measuring, and this time the voltage briefly rose to 13.4V, as if the battery was charging. But after about 30 ...

Hello everyone, I just bought my first car, a 2014 Volvo V40 T3, and a warning appears on the dashboard that says "low battery charge." The car is recently...
