The Berlin-Brandenburg region is making a valuable contribution to the development of smart grids, storage concepts and innovative solutions for ...

Reliable storage is a critical factor for any renewable energy system, and Berlin is home to some of Europe's most innovative battery and energy storage companies.

The BAM, the Helmholtz-Zentrum Berlin (HZB), and Humboldt University of Berlin (HU) have signed a memorandum of understanding (MoU) to establish the Berlin Battery Lab.

We explore lithium-sulfur, polymer, and sodium-ion materials to create innovative energy storage solutions. By combining material design with rigorous device testing, we assess performance ...

Reliable storage is a critical factor for any renewable energy system, and Berlin is home to some of Europe's most innovative battery ...

Berlin, Germany - On June 25, 2024, Berlin unveiled its latest solar power plant, marking a significant step in Europe's renewable energy efforts. The new facility, located on ...
