What is chiuer 200 watt solar LED street light?

free shipping 30 day return 3 year warranty Chiuer 200 watt solar LED street light have high lumen efficacy 150lm/w, best for outdoor municipal and rural area with roadway security lighting where there is no power line available, or for commercial car parking lots where you want to use this renewable solar energy and save electricity bill.

Are solar street lights available in Egypt?

Solar Lighting International is now offering solar street lamps in Egypt. Since 2004 we've partnered with cities around the globe to install solar lighting for their communities. Our lights are often sought after by communities looking to expand without adding a load to their existing electrical infrastructure.

Are solar street lamps a good idea?

Using a monocrystalline solar panel design, these street lamps can store up to 50% more electricity per unit area. These solar panels also have the advantage of being highly durable against wind and small debris. The panel itself is mounted to the street lamp housing which helps to provide more protection for it.
