Who is Cyprus Onyx Solar?

Cyprus Onyx Solar is the world's leading manufacturer of transparent photovoltaic (PV) glass for buildings. Onyx Solar uses PV Glass as a material for building purposes as well as an electricity-generating material, with the aim of capturing the sunlight and turn it into electricity.

Why should you choose Onyx Solar photovoltaic curtain wall?

Thanks to Onyx Solar Photovoltaic Curtain Wall, buildings become a real power plant, keeping their design appeal, aesthetics, efficiency and functionality. They are more cost-effective than systems constructed with conventional glass. Reduce your monthly electricity costs by producing your own energy. REACH OUT NOW TO SEE HOW!

What is a photovoltaic curtain wall?

They enhance thermal comfort and help prevent the greenhouse effect. A standard curtain wall offers no return on investment. In contrast, a photovoltaic curtain wall not only insulates the building but also generates power for over 30 years. This reduces monthly electricity bills and ultimately pays for itself over time.

What is a curtain wall system?

Curtain wall systems are non-structural systems for the external walls of buildings. As a global leader in curtain wall system manufacturing, Kawneer engineers a comprehensive range of curtain wall systems available in traditional stick fabrication and unitized options.

Curtain wall systems are non-structural systems for the external walls of buildings. As a global leader in curtain wall system manufacturing, Kawneer engineers a comprehensive range of ...

Made with infinitely recyclable, low-carbon footprint glass, Lumyra facades achieve an Energy Payback Time (EPBT) of only 0.8-2 years, compared to 4 years for traditional panels.

Our solutions boost energy efficiency, lower costs, and reduce carbon footprints by converting sunlight into clean electricity and providing thermal insulation.

The Solar Innova modules of photovoltaic integration technology used in the BIPV installations are multifunctional. That is, in addition to generating electricity, they also meet all the requirements ...
