-----

Fluence is a global market leader in energy storage products and services, and cloud-based software for renewables and storage assets.

The article discusses top 10 energy storage companies that are working on new solutions to support global energy needs.

Discover the current state of energy storage companies in North America, learn about buying and selling energy storage projects, and find financing options on PF Nexus.

Energy Storage Is Powering New York's Clean Energy Transition  
 Energy Storage Safety  
 An Expanded Goal of 6 Gigawatts by 2030  
 In 2019, New York passed the nation-leading Climate Leadership and Community Protection Act (Climate Act), which codified some of the most aggressive energy and climate goals in the country, including 1,500 MW of energy storage by 2025 and 3,000 MW by 2030. In June 2024, New York's Public Service Commission expanded the goal to 6,000 MW by 2030. See more on [nysed.gov](https://www.nysed.gov).
