What actions does the Guyana Government take?

The Guyana Government seeks to develop Guyana's infrastructure to meet the increasing demands of the oil and gas sectors and deliver more efficient road infrastructure to meet the demands of local businesses and citizens. The aging road network requires restoration and expansion to reach underserved populations in the interior.

Does Guyana need a new procurement system?

Guyana's aging road network requires restoration and expansion to reach underserved populations in the interior. Despite the ongoing construction boom in Guyana, the GoG's procurement system is antiquated and opaque and needs to be modernized to allow for digital submissions and greater transparency.
