Thanks for your interest in "HJ 1151-2020" standard ! Click the CART button to add in the Shopping Cart for price inquiry. We will quote you within 1~2 work day.

Huijue Group has been deeply engaged in the field of communication energy, focusing on the power supply challenges of network base stations in the 5G era.

Here's a thought experiment: If every base station upgrade incorporated quantum-resistant encryption modules today, would we prevent 83% of projected 2025 cyber threats? The math ...

At its core, the base station certification crisis stems from competing priorities. Regulators prioritize public safety (hence stringent RF exposure limits), while operators chase spectral ...
