Imagine if every school in Honiara could become a power station. Our new modular batteries enable exactly that - scalable from 10kWh residential units to 100MWh utility installations.

Honiara, the capital of the Solomon Islands, is located on the northern coast of Guadalcanal, and is built on land that saw some of the bloodiest battles of WWII.

Located on the island of Guadalcanal, Honiara was built on land that saw some of the bloodiest battles of WWII. Now the capital and base of tourism to the beautiful Solomon Islands, this city ...

A tropical storm knocks out power across Guadalcanal, but a Honiara energy storage container barracks system keeps emergency radios humming and medical equipment running.

Well, the newly operational Honiara Energy Storage Power Plant isn't just another infrastructure project - it's rewriting the rules of energy resilience for small island states.

Honiara (/ ˈhɒˈniːrə /) is the capital and largest city of Solomon Islands, situated on the northwestern coast of Guadalcanal. As of 2021, it had a population of 92,344 people. The city ...
