How is the HJ-SG-R01 installed at existing telecom base stations in countries like Australia? The HJ-SG-R01 supports factory prefabrication and can be lifted and installed as a whole unit.

HJ-SG-R01 series communication container station is a modular large-scale outdoor base station specially designed to meet the needs of large-capacity and high-efficiency communication.

Highjoule base station systems support grid-connected, off-grid, and hybrid configurations, including integration with solar panels or wind turbines for sustainable, self-sufficient operation.
