This schematic visual representation will show you exactly how everything in our Victron based 3kW, 5kWH, 120V off-grid battery and solar system connects together.

Discover how Higher Wire shipping container solar systems provide reliable, off-grid power for remote worksites and projects.

Whether you're powering a remote cabin, a recreational vehicle, or a disaster-stricken community, proper installation is critical to ensuring reliability, safety, and efficiency.

From smart site selection and design to seamless installation and operation, BoxPower's technology ensures every microgrid project is faster, smarter, ...

This schematic visual representation will show you exactly how everything in our Victron based 3kW, 5kWH, 120V off-grid battery and solar system ...

We love the strategically placed solar panels on top of the container roof - we've accomplished this secure mounting with our field tested RPS ...
