When something is integrated, it's united -- different things are now together, especially things that used to be apart. Schools haven't always been integrated in this country.

INTEGRATED definition: combining or coordinating separate elements so as to provide a harmonious, interrelated whole. See examples of integrated used in a sentence.

The meaning of INTEGRATE is to form, coordinate, or blend into a functioning or unified whole : unite. How to use integrate in a sentence.

The Linzhou Fengyuan 300MW/1000MWh project highlights the transformative potential of vanadium flow battery technology in large-scale energy storage. Its exceptional ...

A CNY 2 billion investment will go into building a 300 MW all-vanadium liquid flow electric stack and system integration production line, alongside facilities to produce 100,000 ...

China has just switched on the world's largest vanadium flow battery showcasing its gigawatt-hour-scale flow battery technology.
