How much do solar batteries cost?

The guide below shares the best solar batteries and installation fees, plus their long-term savings potential. Solar batteries cost an average of \$10,000-\$19,000 in addition to installation costs. You may need multiple batteries to power your whole house with solar batteries.

Are solar batteries worth it?

Solar batteries typically cost \$10,877 after the federal tax credit--which expires for batteries installed after December 31, 2025--for the 13.5 kilowatt-hours (kWh) of storage a typical home needs to keep essential devices running during outages (also the size of a Tesla Powerwall 3). Whether they're worth it depends entirely on your situation.
