The Ezra Group, a leading business conglomerate, announced the successful launch of the 20-Megawatt (MW) solar power ...

South Sudan's Ministry of Energy and Dams has chosen Egyptian manufacturer El Sewedy Electric to build the country's first large scale PV power project.

The Juba Solar Power Station is a proposed 20 MW (27,000 hp) solar power plant in South Sudan. The solar farm is under development by a consortium comprising Elsewedy Electric Company of Egypt, Asunim Solar from the United Arab Emirates (UAE) and I-kWh Company, an energy consultancy firm also based in the UAE. The solar farm will have an attached battery energy storage system rated at 35MWh. The off-taker is the South Sudanese Ministry of Electricity, Da...

The Ezra Group, a leading business conglomerate, announced the successful launch of the 20-Megawatt (MW) solar power plant and the 14-Megawatt (MWh) Battery ...

"The top-performing storage systems in Juba aren't just batteries - they're intelligent energy management platforms that adapt to grid demands in real-time."
