Our battery energy storage systems are designed to work seamlessly with any business operation or utility network. It comes equipped with DC batteries, bi-directional inverters, and intelligent ...

Imagine a city where skyscrapers double as power plants - that's Kuala Lumpur's solar energy vision. With 1,800+ annual sunlight hours, Malaysia's capital now blends photovoltaic (PV) ...

Our Battery Energy Storage System (BESS) stores surplus energy efficiently for later use - improving your solar utilisation rate and reducing grid dependency. Enjoy peace of mind ...

The groundbreaking system utilises NaS battery technology which has greater energy density and can fully discharge without cell degradation. As a result, it can store more ...

Discover the Itoshi Photon Solar 12V 150Ah Deep Cycle Battery, a maintenance-free gel battery ideal for UPS backup power. This sealed lead acid battery offers rechargeable performance ...

By storing excess energy from solar when demand is low, and dispatching it when needed, BESS acts as a shock absorber for an increasingly complex grid. To hasten the ...
