Latvia's port city of Liepaja is fast becoming a strategic location for power generation container manufacturers, blending industrial expertise with renewable energy innovation.

As we approach Q4 2025, industry watchers are keeping tabs on Latvia's first gigafactory for battery cells. When operational, it'll slash import costs by 60% and create 800+ skilled jobs.

In Latvia, an increasing number of households, industrial and commercial enterprises are adopting solar or backup power solutions. With its factory-direct pricing, high efficiency, long lifespan, ...

With its factory-direct pricing, high efficiency, long lifespan, and safety, HighJoule's 1MWh Battery 20ft Containerized Energy Storage System is an ideal energy storage system choice.

This 20ft collapsible container solution features 60kW solar capacity and 215kWh battery storage. Built with robust 480W modules, it powers extended off-grid missions, from microgrids to rural ...

During Latvia's historic 2023 winter blackout, Riga Dingfu's systems kept 12,000 homes powered for 72 hours straight. Municipal director Janis Berzins joked: "We became the ...
