Where to buy LG MJ1 battery?

It is one of the best way to purchase LG MJ1 battery at Cestpower.com The LG MJ1 18650 3500mAh battery is a high-performance, long-lasting lithium-ion cell that suits a wide variety of medium-to-high drain applications. Its balance of capacity, discharge rate, and safety makes it one of the best 18650 batteries on the market today.

Is the LG MJ1 18650 a good battery?

With a continuous discharge rating of 10A, the LG MJ1 18650 offers a balance of both power and longevity. Manufactured by LG Chem, this cell meets strict quality standards for performance, safety, and consistency. The flat top terminal makes it compatible with many custom battery pack assemblies and high-drain devices.

What is a MJ1 battery?

The LG MJ1 is a cylindrical rechargeable lithium ion "bare cell" button top battery for commercial battery packs with protective circuitry. The LG MJ1 is a cylindrical rechargeable lithium ion "bare cell" button top battery for commercial battery packs with protective circuitry. Max. Charge Voltage: 4.2 ±0.05V Max. Charge Current: 1.0 C (3400mA)

Do LG Chem batteries have protection?

The cells do not have protection. Incorrect usage may result in leakage, heat generation, fire or even explosion. See other products in this category: Rechargeable Batteries LG CHEM, Li-Ion LG CHEM *All prices are net prices (without VAT) and do not include transport costs, which will be added in the order.
