The IPM (Intelligent Power Module) is a high-performance module that mounts a dedicated drive circuit for drawing greater performance from an ...

Designer and manufacturer of an extensive selection of bridges, low and high voltage rectifiers, high voltage fast recovery diodes, and high voltage ...

Our SCR and IGBT Controllers are made to fit a wide range of applications and can be quickly customized to meet unique applications. We offer Custom High Power Systems design ...

Historical Data and Forecast of Marshall Islands Rectifier Module Market Revenues & Volume By Output Power between 1000 to 2000 Watt per module for the Period 2021-2031

The company is now a part of AMSC and is an ISO-9001-2015 certified designer and manufacturer of its own rectifier transformers and DC ...

Designer and manufacturer of an extensive selection of bridges, low and high voltage rectifiers, high voltage fast recovery diodes, and high voltage assemblies. Available in a wide range of ...
