Does Kawneer manufacture curtain wall systems?

As a global leader in curtain wall system manufacturing, Kawneer engineers a comprehensive range of curtain wall systems available in traditional stick fabrication and unitized options. Stick-build curtain wall systems are assembled and glazed in the field with inside or outside glazing options.

What is a curtain wall system?

A curtain wall system is a protective structure for a building's exterior. It consists of a grid in the facade, also known as the mullion, which determines how the glass fits into the wall. Glass curtain walls allow natural light into buildings, making them more energy efficient.

What is a photovoltaic curtain wall?

They enhance thermal comfort and help prevent the greenhouse effect. A standard curtain wall offers no return on investment. In contrast, a photovoltaic curtain wall not only insulates the building but also generates power for over 30 years. This reduces monthly electricity bills and ultimately pays for itself over time.

We specialize in commercial curtain wall design, installation, and fabrication for businesses in Brooklyn, NYC, NJ, PA, and CT. Call us today!

Customize your photovoltaic glass with Onyx Solar. Choose from a wide range of colors, sizes, transparency levels, and shapes to meet your aesthetic and energy needs. Tailor every detail ...

Industrial, Medical, Decoration, Solar, Greenhouse, Curtain Wall, Balustrades & Handrails, Image formation, Lighting, Bulletproof, Display Screen, Instrument Application Industrial, Medical, ...

N"Djamena"s photovoltaic export sector isn"t just surviving - it"s thriving. With solar module prices dropping 19% YoY and efficiency rates climbing, there"s never been a better time to secure ...

At Onyx Solar we provide tailor-made photovoltaic glass in terms of size, shape, transparency, and color for any curtain wall design. Photovoltaic curtain walls transform any building into a ...

The cost of solar glass curtain walls varies significantly based on several factors, including the size of the installation, the type of glass used, the complexity of the design, and ...
