Gham Power, in partnership with Practical Action and Swanbarton, has secured a project from UNIDO to install a 4 MWh energy storage system in Nepal, one of the largest in the country.

We analyzed multiple scenarios of energy storage build-out in Nepal by adding an incremental quantum of 4-hour energy storage and optimizing the mix of resources required to meet ...

This pioneering project is set to transform industrial energy use by replacing polluting diesel generators with a large-scale battery storage system powered by solar energy.

Representing Nepal at the launch were Nepali Ambassador Bharat Kumar Regmi, Gham Power CEO Anjal Niraula, and teams from Swanbarton and Practical Action. This ...

Organization (UNIDO) to install one of the largest energy storage systems in Nepal, with a total battery capacity of 4MWh will help industries and businesses minimize their diesel ...

Even though Nepal's installed capacity has been expanding, there can be no energy security without having a mix of storage and pumped storage projects together with the ...
