Is New Zealand's first large-scale grid battery storage system complete?

Construction of New Zealand's first large-scale grid battery storage system is now complete, with Meridian Energy's Ruakaka Battery Energy Storage System (BESS) being officially opened in a ceremony later today.

Which energy company is building New Zealand's first grid-connected battery energy storage system?

Meridian Energy is building New Zealand's first large-scale grid-connected battery energy storage system (BESS) at Ruakaka on North Island. Paris, January 10, 2023 - Saft, a subsidiary of TotalEnergies, has been awarded a major contract by Meridian Energy to construct New Zealand's first large-scale grid-connected BESS.

How much does a BESS project cost in New Zealand?

Construction of the BESS, located south of Whangarei, the northernmost city of New Zealand, began in early 2023 and was completed within the project's original budget of NZ\$186 million (US\$109 million). It forms stage two of Meridian's Ruakaka Energy Park development.

Commissioned just over a year after ground was broken in Q1 2023, it positions Meridian as a first-mover in large-scale energy storage for New Zealand -- a market ...
