Can a North American company claim a VAT refund?

Most North American companies that incur Value Added Tax (VAT) on business related expenses in Europe, Australia and Japan are entitled to a VAT refund if they follow the proper VAT reclaim procedures. EuroVAT has the necessary forms, procedures, experience and working relationships to expedite your claims for a prompt and maximized VAT recovery.

What is a VAT refund & how is it different?

What Is a VAT Refund (and How Is the USA Different?) VAT (Value Added Tax) is a consumption tax collected at each stage of production and distribution based on the value added at that stage. This contrasts with US sales tax, which is only collected once at the final point of sale to the end consumer. Does the U.S. Offer VAT Refunds?

Is there a vat in the United States?

There is no VAT in the United States. Even though the United States doesn't have a value-added tax, it does require consumers to pay federal excise taxes on the purchase of gasoline, alcohol, tobacco and other products. In addition, several states and cities collect sales taxes.

Can a non-resident business claim a refund of VAT?

The national tax systems of Europe, Canada, Japan and Australia allow most non-resident business entities to claim a refund of VAT. Value Added Tax is called by different terminology in different countries. In Canada, VAT is called GST and in Japan it is JCT [see more under Standard Rates below].

Here's what VAT is, how it works, and how you might be able to get your money back.
