The Palau Solar Battery Project will be the largest such project in the Western Pacific. It will lessen Palau's imported fuel dependency, a major step towards its ambitious goal of 100%.

Effectively reduce Palau's reliance on traditional energy sources and significantly increase the utilization rate of renewable energy. The solar-plus-storage system converts ...

The Palau Solar Battery Project will be the largest such project in the Western Pacific. It will lessen Palau's imported fuel dependency, a major ...

Imagine a storm disrupting power for days - that's reality in many Pacific islands. Palau's unique geography makes portable power storage technology not just convenient, but critical. This ...

Palau imports over 90% of its diesel fuel for power generation, leaving its economy exposed to global price shocks. Meanwhile, its 100% renewable energy target by 2032 demands urgent ...

The investment will enable up to 25 per cent of Palau's total electricity demand to be provided from renewable energy. This project reduces Palau's reliance on imported diesel, lowers ...
