As Vanuatu charts its course toward energy independence, the Port Vila Energy Storage Power Station stands as both a technical marvel and a beacon of sustainable development.

Major commercial projects now deploy clusters of 15+ systems creating storage networks with 80+MWh capacity at costs below \$270/kWh for large-scale industrial applications.

Our Battery Energy Storage Systems aren't your grandpa's power banks. With AI-driven load forecasting, they can predict energy needs better than a local weather shaman.

Containerized energy storage solutions now account for approximately 45% of all new commercial and industrial storage deployments worldwide. North America leads with 42% market share, ...

At Cetelnet, we specialize in delivering scalable, efficient, and resilient power system solutions in Port Vila that meet the needs of homes, businesses, institutions, and infrastructure projects.

Whether you're looking to power your business, reduce your energy bills, or contribute to a cleaner Vanuatu, Cetelnet offers reliable and proven green energy solutions in Port Vila.
