The 500KW bi-directional PCS interfaces with the grid or existing AC sources (e.g., solar inverters, generators). Store cheap off-peak grid energy or back up critical loads during outages.

A family living in a remote part of the Algarve transitioned to an off-grid lifestyle by installing a solar PV system with battery storage. With careful planning, they managed to meet their daily ...

Namkoo's containerized battery energy storage solution is a complete, self-contained battery solution for utility-scale energy storage. It puts batteries, A/C, UPS, inverter and auxiliary ...
