---

Looking to 2030, Riga plans to deploy liquid air storage - essentially bottling winter cold for summer AC use. It's like making snowballs in July, but for real energy savings.

Our 2024 prototype even integrates with satellite internet constellations - sort of like a power bank for your Starlink connection. With 43 patents pending and \$200 million in Series C funding, ...

The outdoor energy storage power supply is designed to integrate seamlessly with renewable energy sources like solar panels. This feature allows users to harness clean energy, store it, ...

Latvia's Energy Strategy 2050 outlines major changes in renewable energy production and storage, with significant investments planned in wind, solar, biomass, and ...

Why Riga Dingfu's Tech Is Lighting Up the Energy Sector Let's face it - the sun doesn't always shine when we need electricity. That's where Riga Dingfu photovoltaic energy ...

Amsterdam, January 12, 2024 - GIGA Storage is pleased to announce the development of the Green Turtle project, a groundbreaking energy storage project with 600 MW of power and ...
