Explore how the new solar power plant installed in Haiti is driving green energy solutions across the Caribbean.

This ambitious initiative involves installing a 500kW solar power plant and a 1.5MWh energy storage system, aimed at mitigating Haiti's persistent energy crisis by ...

This ambitious initiative involves installing a 500kW solar power plant and a 1.5MWh energy storage system, aimed at mitigating ...

This project in Haiti, led by Josue Sylvain, PowMr's local partner, involves the installation of a solar energy system featuring the POW-Sunsmart LV12K and POW-LIO51300 ...

The initiative will finance the installation of 10 MWp of solar photovoltaic energy and 20 MWh of energy storage, and is expected to contribute to expanding the role of distributed generation in ...

In March 2025, a 2.4MW solar+storage installation began powering 1,200 households previously reliant on kerosene lamps. The system's 92% uptime has already reduced energy costs by ...
