To address this issue, this study proposed a multi-function partitioned design method for VPV curtain walls aimed at reconciling the competing demand of different functions.

Experience effortless solar control with WICSOLAIRE, that seamlessly blends aesthetics, durability, and sustainability. Designed to enhance building efficiency while preserving natural ...

The Solar Innova modules of photovoltaic integration technology used in the BIPV installations are multifunctional. That is, in addition to generating electricity, they also meet all the requirements ...

By redefining architectural norms and integrating sustainability into design, solar photovoltaic curtain walls offer innovative solutions to modern energy challenges.

Customize your photovoltaic glass with Onyx Solar. Choose from a wide range of colors, sizes, transparency levels, and shapes to meet your aesthetic and energy needs. Tailor every detail ...

We are pioneers in integrating personalized photovoltaic glass into the very fabric of your curtain wall, marrying aesthetic elegance with unparalleled energy efficiency.
