Why does Eswatini have a stock exchange?

In 2010, the GKoE passed the Securities Act to strengthen the regulation of portfolio investments. The Act was primarily intended to facilitate and develop an orderly, fair, and efficient capital market in the country. Eswatini has a small stock exchange with only a handful of companies currently trading.

What are the incentives to invest in Eswatini?

Incentives to invest in Eswatini include repatriation of profits, fully serviced industrial sites, purpose-built factory shells at competitive rates, and duty exemptions on raw materials for manufacture of goods to be exported outside the Southern African Customs Union (SACU).

What is Swaziland investment & payment & settlement system (swipss)?

The Swaziland Investment and Payment and Settlement System (SWIPSS) offers real-time transactions. SWIPSS, Eswatini's Real Time Gross Settlement System, is an advanced interbank electronic payment system that facilitates the efficient, safe, secure, and real-time transmission of high-value funds in the banking sector.

Does Eswatini have a unified policy on investment?

Eswatini traditionally does not have a unified policy on investment. Instead, individual ministries have their own investment facilitation policies, which include policies on Small and Medium Enterprises (SME), agriculture, energy, transportation, mining, education, and telecommunications.

In a landmark decision, Swaziland has greenlit a major energy storage initiative aimed at addressing grid instability and accelerating renewable energy adoption.

The Swati government has prioritized the energy sector, particularly renewable energy, and developed a Grid Code and Renewable Energy ...

Frazium Energy, a subsidiary of Frazer Solar, has signed a 40-year agreement with the Eswatini authorities to build a solar power plant with storage in the centre of the kingdom.

A key component of this project entails the design, construction, operation, and maintenance of an appropriately sized Solar PV plus Battery minigrad plant to electrify about 165 households, 1 ...
