Solar power is not only practical for Syria -- it's also clean. With heavy reliance on diesel generators, the country has seen a rise in air pollution and noise.

Syria is working to rebuild its energy sector after years of civil war and crippling sanctions. The country has suffered severe electricity shortages, with only those who can ...

"The solution to the problem isn't putting solar panels on roofs," Syria's interim Energy Minister Mohammad al-Bashir told The Associated ...

"The solution to the problem isn't putting solar panels on roofs," Syria's interim Energy Minister Mohammad al-Bashir told The Associated Press.

Now free of crippling sanctions, Syria is hoping renewable energy will become more than a patchwork solution.

Syria's Ministry of Energy has signed a memorandum of understanding (MoU) with US-based 20Solar Energy to develop 200 MW solar PV capacity, as part of its plans to ...
