How many people have access to electricity in Tonga?

This means that little more than 30,000 people are spread across 35 islands, presenting acute issues in terms of the provision of modern infrastructure. At OIREP commencement, the ADB estimated that 89% of all households across Tonga had access to electricity.

Can Australia help secure Tonga's outer island energy needs?

Australia also has a long history of engagement in relation to helping secure Tonga's outer island energy needs. In the early 2000s, Australia funded the Ha'apai Outer Islands Electrification project (HOIEP), which involved the installation of diesel-powered generators and electrical reticulation on four islands in the Ha'apai group.

How did the OIREP project impact Tonga?

The project achieved its proposed impact, in terms of helping Tonga reduce its dependence on imported fossil fuel for power generation with OIREP assets estimated to have reduced diesel usage by 0.5 million litres annually. Central to the project outcome was the provision of on-grid and off-grid generation solar power at reduced cost.

Why did OIREP work with Tonga Power Limited?

OIREP's on-grid work was always a matter of laying the foundations for further investment in renewables and enjoyed the ease of working through one implementing partner - Tonga Power Limited - who were incentivised to help ensure the program succeeded given they will manage all on-grid assets post-project.

Summary: The Tonga Solar Energy Storage Project tender announcement opens new avenues for renewable energy developers and engineering firms. This article explores the project's ...

Tonga's first utility-scale battery energy storage system (BESS) project was officially opened today at an event attended by the South Pacific Kingdom's prime minister.

Summary: Tonga's innovative energy storage project demonstrates how island nations can overcome energy challenges through advanced battery solutions. This article explores its ...

NUKU"ALOFA, TONGA (14th November 2019) -- Tonga's second Large scaled Battery Energy Storage System (BESS) will be built at Matatoa after an agreement was signed today between ...

Tonga Power Limited is currently undertaking renewable energy projects, network upgrade projects as well as
