"By partnering with Pomega, Europe's largest independent battery manufacturer, to establish a near-term manufacturing base in ...

New incentives and regulations have driven energy sector ...

Ankara's importing lithium-ion systems primarily from China (68%), South Korea (22%), and EU suppliers (10%). But here's the twist - they're not just buying batteries.

As global investments in energy storage systems continue to grow, Türkiye has positioned itself as a key player, with two cell production facilities and nearly 100 lithium-ion battery production ...

"By partnering with Pomega, Europe's largest independent battery manufacturer, to establish a near-term manufacturing base in Türkiye, we are helping customers navigate ...

New incentives and regulations have driven energy sector investments in battery and cell factories in Türkiye beyond \$1 billion, aligning with the goal of achieving 80 gigawatt ...
