Transform your energy independence dreams into reality through expert designing an off-grid solar system that perfectly aligns with European regulations and climate conditions.

Solis has completed its first 350kW solar inverter PV project in Europe, supplying power to a newly operational 2.8MWn PV farm just outside Tczew, Poland.

350 KW solar hybrid off grid with grid tie option inverter. This Solar system not only have solar power system function, but also have Utility complementary function.

Landmark installation in Poland project demonstrates the power of scalable, cost-effective solar solutions. Solis has completed its first 350kW Solar inverter PV project in ...

Explore the benefits and technology behind containerized off-grid solar storage systems. Learn how these scalable, cost-efficient ...

Regional adoption will likely broaden - we can expect southern Europe to deploy more off-grid systems in rural areas, central Europe to attach batteries to most solar installs, ...
