At Strang's core as a designer lay a deep commitment to the transformative possibilities of design, to a sustainable, holistic environmentally sensitive architecture, and to a practice that provides ...

STRANG is a Miami-based design firm renowned for advancing the principles of Environmental Modernism in extraordinary locations around the world. This concept, dubbed by the firm, ...

MAX STRANG (design architect) Fairchild recently chose Strang to design its new state-of-the-art Science Village, Tropical Re-search Labs, Café and Conservatory.

The exterior of the house received new landscaping, a more intimate courtyard design, and the addition of a lap pool, something always hoped for by Gene Leedy, but realized until today.

The design of Tarpon Bend underscores the firm's ongoing explorations of regional modernism by adapting a rectilinear frame with site-specific and climate-specific considerations.

I suspect that these site-driven and climate- driven design responses have fueled our firm's success. I am committed to the idea that the architectural identity of a home should be related ...
