Will Mexico be key to the development of lithium batteries?

We believe Mexico will be key to the future of the development of lithium batteries as home to the world's largest single lithium field - "La Ventana" in Sonora. The country likely holds around 17 other deposits, across Baja California Sur, Coahuila, San Luis Potosí, Sonora and Zacatecas, that are largely undeveloped.

Does Mexico offer subsidies to lithium battery manufacturers?

She said that the US currently offers subsidies to lithium battery manufacturers, while the Mexican government has said that there will not be direct subsidies to such companies, and that the finance ministry is working on a package of "interesting" incentives for Tesla to set up shop in Mexico.

Who exports lithium-ion batteries to Mexico?

The main companies exporting lithium-ion batteries to Mexico include LG Energy Solution Wrocław, Export Distribution Center C/O Transfesa Handico Terminals and Apollo Vredestein. Dublin, Jan. 31, 2025 (GLOBE NEWSWIRE) -- The "Mexico Lithium-ion Battery Import Research Report 2025-2034" has been added to ResearchAndMarkets.com's offering.

What should Mexico and Sonora do about lithium?

In this context, political leaders in Mexico and community leaders in Sonora should consider the following recommendations: Bring Lithium to the Public Square: A new president will be elected in June 2024. Both candidates should develop specific proposals for lithium development as part of a broader clean energy strategy and debate them.
