How is the telecom market segmented in Bangladesh?

The market in Bangladesh is segmented by telecom service type (voice services, data and messaging services [Data Services], and PayTV services). The study includes an overview of the key vendors operating in Bangladesh. The market sizes and forecasts are provided in terms of value (USD) for all the above segments.

How big is the Bangladesh Telecom MNO market?

Reuse requires attribution under CC BY 4.0. The Bangladesh Telecom MNO Market size is estimated at USD 2.73 billion in 2025, and is expected to reach USD 3.29 billion by 2030, at a CAGR of 3.81% during the forecast period (2025-2030).

Why has Zamir Telecom been cut off from the Bangladesh network?

London-based Zamir Telecom has been cut off from the Bangladesh network since March, causing it significant financial damage. Bangladesh's controversial telecoms minister, Abdul Latif Siddique, has admitted giving the order for the disconnection of Zamir Telecom from the Bangladesh Telecommunications Company Limited (BTCL).

Is Bangladesh Telecom MNO market a data-centric Play?

Rural uptake is notable: village ownership of mobile phones rose from 29.85% to 56.07% within a decade, signaling a diminishing digital divide. These trends underpin recurring demand for spectrum and network densification, cementing the Bangladesh Telecom MNO market as a data-centric play.
